

*'we make the difference' for your child*

**Clontarf Beach**  
State High School

4th October, 2021

Dear Parents and Carers

With school returning tomorrow, Tuesday 5th October, we are required to follow the government's Stage 2 restrictions that apply to our school community.

These restrictions include:

- All adults and students must wear a face mask inside and outside, even when physical distancing is possible. (There is an exception for those with mask exemptions.) Students are reminded to provide their own masks for school.
- Secondary school students are required to wear masks while sitting at their desks and while on dedicated school transport.
- Students who are sick or feeling unwell must stay at home.

Further information Please check the Queensland Government COVID-19 website regularly to stay updated or visit the Department of Education's COVID-19 pages on our Departmental website. (<https://qed.qld.gov.au/covid19>)

We look forward to welcoming our students back tomorrow for another busy and eventful Term 4. Thank you for your support and understanding as we continue to work together during these difficult times.

Regards,

**Jo House**  
**Principal**
