

'we make the difference' for your child

ClontarfBeach
State High School

22/10/2021

Dear parent/caregiver,

As part of the Super School Saturday event, Queensland Health will be hosting a pop-up vaccination clinic at our school this **Saturday 23 October 8am – 2pm**. This clinic provides an easy and convenient way for families and the broader community to get vaccinated as soon as possible.

The vaccine is our way out of this pandemic and is the best thing we can do to protect ourselves, our families and community - and do our part to ensure life can return to normal.

Anyone aged 12 years and over is eligible for a vaccination, so bring your family, tell your neighbours and friends, everyone is welcome.

Bookings are not required – simply walk in and get vaccinated.

For those requiring their second dose, it doesn't matter where you received your first dose, you can come to our school or go to any vaccination clinic in Queensland. If it is your first dose, a second appointment will be made for you.

Visit the [Queensland Health](#) website for [more information](#) and [clinic opening times](#).

Kind Regards,

Jo House
Principal
