

School assessment policy: Year 10 – 12

Clontarf Beach State High School

Scope

This policy provides information for teachers, students and parents/carers about roles, responsibilities, processes and procedures to ensure the integrity of assessment that contributes to the Queensland Certificate of Education (QCE). The framework for the policy is developed from the QCE and QCIA policy and procedures handbook available from www.qcaa.qld.edu.au/senior/certificates-and-qualifications/qce-qcia-handbook-2019 and applies to Applied, Applied (Essential), General, General (Extension) subjects and Short Courses across all faculties.

Purpose

Clontarf Beach State High School is committed to an educational philosophy that encourages all students to achieve personal excellence by developing their talents and abilities. This policy is designed to build capacity as students work towards summative assessment completion for the QCE.

Principles

Clontarf Beach State High School's expectations for teaching, learning and assessment are grounded in the principles of academic integrity and excellence.

Assessment includes any examination, practical demonstration, performance or product that allows students to demonstrate the objectives as described by the syllabus. Assessment should be:

- aligned with curriculum and pedagogy
- equitable for all students
- evidence-based, using established standards and continua to make defensible and comparable judgments about students' learning
- ongoing, with a range and balance of evidence compiled over time to reflect the depth and breadth of students' learning
- transparent, to enhance professional and public confidence in the processes used, the information obtained and the decisions made
- informative of where students are in their learning.

High-quality assessment is characterised by three attributes:

- validity, through alignment with what is taught, learnt and assessed
- accessibility, so that each student is given opportunities to demonstrate what they know and can do
- reliability, so that assessment results are consistent, dependable or repeatable.

Promoting academic integrity

Clontarf Beach State High School promotes academic integrity by developing students' skills and modelling appropriate academic practices. The following whole-school procedures support this endeavour.

Ensuring academic integrity

Clontarf Beach State High School has procedures to ensure that there is consistent application of the assessment policy and that staff and students optimise opportunities to understand academic integrity. The following procedures are to be applied in this context.

Internal assessment administration

<p>QCE and QCIA policy and procedures handbook</p>	<p>Policy and procedures</p>
<p>Scaffolding</p> <p>Section 7.2.1</p>	<p>Scaffolding for assessment helps students understand the process for completing the task. Scaffolding will:</p> <ul style="list-style-type: none"> maintain the integrity of the requirements of the task or assessment instrument allow for unique student responses and not lead to a predetermined response. <p>Across the phases of learning, students will gradually be given more responsibility for understanding the processes required to complete their tasks therefore less scaffolding will be provided as students progress through the units of study.</p>
<p>Checkpoints</p> <p>Section 8.5.3</p>	<p>Checkpoints will:</p> <ul style="list-style-type: none"> be detailed on student task sheets be used to monitor student progress be used to establish student authorship. <p>Students will work on assessment during designated times and show evidence of progress at scheduled checkpoints.</p> <p>Teachers will use these checkpoints to identify and support students to complete their assessment.</p> <p>House Leaders, House Deans and parents/carers will be contacted if checkpoints are not met.</p>

<p>Drafting Section 7.2.2 Section 8.3</p>	<p>Drafting is a key checkpoint. Types of drafts differ depending on subject, e.g. written draft, rehearsal of a performance piece, or a product in development. Drafts might be used as evidence of student achievement in the case of illness or misadventure, or non-submission for other reasons.</p> <p><u>Written feedback on a draft is:</u></p> <ul style="list-style-type: none"> • provided on a maximum of one draft of each student’s response • a consultative process that indicates aspects of the response to be improved or further developed • delivered in a consistent manner and format for all students • provided within one week of a submission of a draft. <p><u>Feedback on a draft must not:</u></p> <ul style="list-style-type: none"> • compromise the authenticity of a student response • introduce new ideas, language or research to improve the quality and integrity of the student work • edit or correct spelling, grammar, punctuation and calculations • allocate a mark/grade <p>A copy of the feedback will be stored in a format designated by the faculty Head of Department. Drafts MUST be available in the event that a final submission is not received.</p> <p>Parents and caregivers will be notified by email about non-submission of drafts and the processes to be followed.</p>
<p>Managing response length Section 7.2.3</p>	<p>Students must adhere to assessment response lengths as specified by syllabus documents.</p> <p>The procedures below support students to manage their response length.</p> <ul style="list-style-type: none"> • All assessment instruments indicate the required length of the response. • Teaching and learning programs embed subject-specific strategies about responding purposefully within the prescribed conditions of the task. • Model responses within the required length are available. • Feedback about length is provided by teachers at checkpoints. <p>After all these strategies have been implemented, if the student’s response exceeds the word length required by the syllabus, the school will either:</p> <ul style="list-style-type: none"> • mark only the work up to the required length, excluding evidence over the prescribed limit • annotate to clearly indicate the evidence used to determine a mark. That is – clearly indicate the work that was marked as well as making relevant annotations on the student’s work.
<p>Authenticating student responses Section 7.3.1</p>	<p>Accurate judgments of student achievement can only be made on student assessment responses that are authenticated as their own work.</p> <p>Clontarf Beach State High School uses the authentication strategies promoted by the QCAA. The authentication strategies will be specified on assessment instruments.</p> <p>In cases where a student response is not authenticated as a student’s own work, procedures for managing alleged academic misconduct will be followed. These include but are not limited to:</p> <ul style="list-style-type: none"> • marking of draft work which has been authenticated as be the student’s own work • student not receiving a grade for the assessment piece. This will significantly impact results.

<p>Access arrangements and reasonable adjustments, including illness and misadventure (AARA) Section 6</p>	<p><u>Applications for AARA</u></p> <p>Clontarf Beach State High School is committed to reducing barriers to success for all students. AARA's are actions taken by the school to minimise, as much as possible, barriers for a student whose disability, impairment, medical condition or other circumstances may affect their ability to read, respond to or participate in assessment.</p> <p>The school follows the processes as outlined in the QCE and QCIA policy and procedures handbook available from www.qcaa.qld.edu.au/senior/certificates-and-qualifications/qce-qcia-handbook-2019.</p> <p>The school principal manages the approval of all AARA's for students.</p> <p>All AARA applications must be accompanied by the relevant supporting documentation (outlined in Section 6.5.1) and made as far in advance as possible to meet the QCAA published timelines. All evidence used to make decisions is recorded in the student's file by the principal or their delegate.</p> <p>Students are not eligible for AARA on the following grounds:</p> <ul style="list-style-type: none"> • unfamiliarity with the English language • teacher absence or other teacher-related issues • matters that the student could have avoided • matters of the student's or parent's/carer's own choosing • matters that the school could have avoided. <p>Applications for extensions to due dates for unforeseen illness and misadventure</p> <p>Students and parents/carers must contact the principal's delegate as soon as possible and submit the relevant supporting documentation.</p> <p>Copies of the medical report template, extension application and other supporting documentation are available from the school website.</p>
<p>Managing non-submission of assessment by the due date Section 8.5</p>	<p>Teachers will collect progressive evidence of student responses to assessment instruments at the prescribed checkpoints.</p> <p>The checkpoints on the instrument-specific task sheets provide details of the evidence that will be collected.</p> <p>In circumstances where students are enrolled in a subject but do not submit a final response to an assessment (other than unseen examinations):</p> <ul style="list-style-type: none"> • where evidence of student work during the assessment preparation period is available, teachers make judgments based on this. • where evidence of student work was not provided by the student on or before the due date as specified by the school and no other evidence is available, 'Not-Rated' (NR) must be entered in the Student Management system by the date published in the SEP calendar. <p>In circumstances where a student response is judged as NR, the student will not meet the requirements for that subject. This will negatively impact a student's ability to achieve a QCE.</p> <p>In circumstances where a student misses an unseen examination:</p> <ul style="list-style-type: none"> • A parent/carer or student (if they have independent status on OneSchool) is required to contact the school on the day of the missed examination and provide student's name, teacher's name exam missed and the reason for the absence. • On the day of the student's return, a medical certificate (or other appropriate documentation as deemed appropriate by the principal or Principal's Delegate) dated for the day of the absence must be provided to the office. • Once this documentation has been provided, the student must sit a Comparable Examination task at a time and place negotiated with the student, teacher and Head of Department.

<p>Internal quality assurance processes Section 8.5.3</p>	<p>Clontarf Beach State High School’s quality management system ensures valid, accessible and reliable assessment of student achievement. This includes:</p> <ul style="list-style-type: none"> • quality assurance of all assessment instruments before they are administered to students using quality assurance tools provided by the QCAA • quality assurance of judgments about student achievement. <p>All marks for summative internal assessment for General and General (Extension) subjects are provisional until they are confirmed by the QCAA.</p> <p>Results for Applied and Applied (Essential) subjects and Short Courses may be subject to advice from the QCAA.</p>
<p>Review Section 9.1 Section 9.2 Section 9.5</p>	<p>Clontarf Beach State High School internal review processes for student results (including NR) for all General subjects (Units 1 and 2), Applied subjects, and Short Courses is equitable and appropriate for the local context.</p>

External assessment administration

<p>QCE and QCIA policy and procedures handbook</p>	<p>Policy and procedures</p>
<p>External assessment is developed by the QCAA for all General and General (Extension) subjects Section 7.3.2 Section 10.3 Section 10.4 See also: <i>External assessment — administration guide</i> (provided to schools each year)</p>	<p>See the QCE and QCIA policy and procedures handbook (Section 7.3.2) and follow the External assessment — administration guide for processes, roles and responsibilities of the school external assessment (SEA) coordinator, teachers and students.</p>

Managing academic misconduct

Clontarf Beach State High School is committed to supporting students to complete assessment and to submit work that is their own, and minimising opportunities for academic misconduct. There may be a situation when a student inappropriately and falsely demonstrates their learning.

When authorship of student work cannot be established or a response is not entirely a student’s own work the school will provide an opportunity for the student to demonstrate that the submitted response is their own work.

For all instances of academic misconduct, results will be awarded using any evidence from the preparation of the response that is available that is verifiably the student’s own work and that was gathered in the conditions specified by the syllabus, on or before the due date.

Process for managing Academic Misconduct:

Student/s will be interviewed to determine if misconduct has occurred.

In cases where academic misconduct has been substantiated possible outcomes may include:

- Student/s being awarded a result on the work which can be proven to be theirs. This is work which has been completed on or before the due date.
- The Summative assessment task in question not being used to inform a student’s final grade. THIS WILL MEAN THE STUDENT HAS NOT COMPLETED THE COURSE OF STUDY AND NO CREDITS WILL BE AWARDED FOR UNITS 3 AND 4.
- For copying and collusion, all students involved will be receive the same consequence unless full responsibility is taken by one of those involved.

The following are some examples of academic misconduct:
