

AT CLONTARF BEACH STATE HIGH SCHOOL

QPARENTS is an online portal that provides parents with secure access to their child's details. At CBSHS, it is now the only way permission can be given for your student to attend excursions and other school events. It is also the only way to access your child's report cards.

To download the app, register or find out more about QPARENTS, please visit our website or scan the QR codes below.
