SUBJECT FEES

Year 11-12

Clontarf Beach State High School

The Queensland Government supports students' education by providing funding for:

- Instruction, e.g. teachers
- Facilities, e.g. buildings, amenities, furniture
- Administration, e.g. staffing and resources to administer the operations of the school.

Funding does not extend to individual student resources such as textbooks, computer or musical equipment for personal use, and many items used/consumed by the student in the classroom. Supply of these items is the responsibility of parents.

To provide parents with a cost effective alternative to purchasing textbooks and/or resources individually, Clontarf Beach State High School operates a Student Resource Scheme (SRS).

The scheme ensures that students have the resources required for them to engage with the curriculum and saves parents time and money in sourcing these materials elsewhere. Savings are gained through the school's bulk purchasing practices and hiring arrangements. The scheme is not used to raise funds for other purposes, and revenue collected through the scheme is applied only to it's resources and operation.

Type of Resources Provided

Generally, the three types of resources are:

- Owned – these items are retained by the student and used as required (e.g. stationery, exercise books, diary).
- Used – these items are used/consumed in class by the student (e.g. industry technology/cooking/art supplies). Work/items produced from these resources will remain the property of the student.
- Hired – these items are hired to the student for their personal use for a specific period of time (e.g. textbooks, musical instruments, laptops). Hired items must be returned to the school in good condition at the end of the hire period or if the student leaves the school. A repair or replacement cost may be charged to the parent for any hired items that are damaged or not returned.

SUBJECT FEES *Year 11-12*

Clontarf Beach State High School

In summary, the scheme provides the following resources to students:

- All printed class notes, booklets and worksheets
- Access to textbooks when required. For some subjects access to textbooks can be digital, or online.
- Resource materials and equipment used in subject areas, for example, texts that form part of class sets and departmental resource collections that are supplied for use by students to supplement their principle texts.
- In the junior secondary, the provision of hospitality foods for cooking, materials used in the manual arts and arts areas, depending on the subjects chosen.
- Basic consumable materials for all subject areas. However, in Years 10 – 12 there are additional charges for some specific areas of studies that provide and require significant consumable resources. (Refer to the list of subject charges below). Students who are required to pay these charges will be issued with a separate invoice requesting payment.
- School ID card
- Subscriptions to various subject competitions.
- Learning activities/excursions (e.g. swimming pool charges,) and subsidy for mandatory camps (e.g. Biology, Recreation Studies). (Refer to the curriculum guides for information about each particular subject and the activities that are covered).
- Attendance at sport, including bus costs (This does not involve participation at District / Regional level competitions).
- Administrative costs to run the SRS Scheme.
- In addition to the SRS scheme fees outlined above from parents, the school receives, on behalf of parents, a textbook allowance from the state government.
